Equity funds	-	-33	29
Mixed funds	-	-4	3
Real estate funds	-	9	3
Hedge funds	-	-7	-2
Other funds	-	26	-5

Source: ECB.

1) Figures may not add up due to rounding.

2) Total pension fund reserves may include investments in insurance policies.

3) Total technical reserves may include life insurance.

4) Defined benefit schemes include hybrid schemes.

5) Balancing item as defined in ESA 2010. In a defined benefit pension scheme, the level of pension benefits promised to participating employees is determined by a formula agreed in advance. The liabilities of a defined benefit pension scheme are equal to the present value of the promised benefits, and therefore in a defined benefit pension scheme net worth can be different from zero.
